The date on the front reads 1371 AH which according to our [conversion chart](#) is 1942 AD. So can you [identify this coin](#)?

There's thousands of other spiffy coins waiting to be identified as well.

*** THIS COIN HAS BEEN IDENTIFIED ***

The coin is a [1 Rupee Coin from the Indian Princely State of Hyderabad](#). Daniel2292 was the first one to identify the coin and in addition to the bragger tokens he earned for adding the coin to the site he also received an additional 30 bragger tokens. Great work!
