

**Brag Your Images On Other Sites!**

Nicholas, Sunday 22 May 2011 - 13:57:46

If you check your CoinBrag profile you'll now see a link that takes you to the pictures of coins you have recently added to CoinBrag. For the time being, the coins only sort by your most recent additions. In the future, other sorting options will be available.

If you're on another website and want to show off the images of your coins, you can do so by using the permanent link:

[http://www.coinbrag.com/e107/browse\\_coins.php?bragger=YourName](http://www.coinbrag.com/e107/browse_coins.php?bragger=YourName)

Just take the link above and replace "YourName" with your user name. I hope you find this useful.
